CLAIM REVOLUTION

Healthie Quick Start

Set the Gateway Key

Once you have retrieved your gateway key from Healthie, save it to the Healthie setup screen in the ClaimRev portal

To get to this screen click the icon with 3 lines at the top to open the left menu. Click on "Sharp RCM"
 Next click on the top menu for Integrations -> Healthie -> Setup

At this screen select "Production" for environment and paste your key in the "Gateway Key" field. The other options can be left alone at this time. They are used to fine tune your claims. Talk to ClaimRev support about how to use those features.

Import Claims

- Next click on the top menu for Integrations -> Healthie -> HCFA Import
 When claims in Healthie are in the "Not Sent" status they can be batched from this screen. In
- When claims in Healthie are in the "Not Sent" status they can be batched from this screen. I Status select "Not Sent" and click "Search Claims"
 Select the claims you want to batch, and click "Batch Claims". The CMS 1500 claims will be
- Select the claims you want to batch, and cloc "Batch Claims". The CMS 1500 claims will sent into ClaimRev processing system. A popup screen will tell you of any immediate problems. SharpRCM will update the claims in healthie to a status called "Batched".
- The claims will observe the value of a status called bacted of the value of a status called bacted of the value of the val

Check Eligibility

- Next click on the top menu for Integrations -> Healthie -> Reports -> Eligibility Report
 This screen allows you to enter a date range to check coverage of a patient. The dates can be
- hand entered for use the drop down on the left to select pre-filled options.
- Click "Search" to see your appointments that fit the criteria.

After clicking "Search" results like the example below will show up. If there has been no
eligibility checked for the patient, it will display "Not Run" in red. If eligibility has been run, the
status of that check will be shown along with the date. The Checkmark icon on the right will
run real-time eligibility and update this grid as soon as results are back. The dollar sign icon
lets you view the payer in the SharpRCM platform. This is here to help with mapping payer id's
to ClaimRev payer Id's. You're not alone here, just send us a quick email and we can help find
the right payer mapping. If you're already sending us claims, the processing system AI will
train on your claim data and know the proper payers for your IDs. If you're only doing
eligibility checks, we might have to do a bit of mapping here.

	Appointment Date	Patient Name	Provider	Eligibility Status	
	01/11/2024	Wilma Flinstone	Brad Sharp	Not Run - (73143)- Community Care	S
	01/15/2024	Fred Flinstone	Brad Sharp	01/23/2024 - Active Coverage - (72143) - Community Care	S
